

Veterans Services

Justin
Asbury

Veterans Service
Coordinator

I am well versed in military culture. I've served in the Illinois Army National Guard for the past 9 years. My military service will help me to understand, connect with, and serve our local veterans.

I am currently working on my Master's Degree in Clinical Rehabilitation Counseling and will be graduating August 5th 2023.

ComWell is a Community Behavioral Health Center which allows me to assist local veteran clients in many ways.

As Veterans Service Coordinator, I provide:

- Intensive, community-based behavioral health care for members of the armed forces & veterans
- Referral & linkage to VA entities & services (PCM/PCP, specialty provider, etc.), individual & group counseling

What you can expect working with me

- Collaborative approach to treatment planning - YOUR GOALS ARE OUR GOALS!
- Assistance in care coordination
- Increase in connectedness
